**SOCIAL  
INITIATIVES**

2016-2019

“We believe that it is important to contribute to the society.”

In addition to its work in research, the Purnomo Yusgiantoro Center (PYC) social initiatives aim to assist underprivileged society in health, well-being and education. PYC also helps to preserve the Indonesian cultural heritages.

## CULTURAL PERFORMANCE

---

Since the beginning, PYC has committed to preserve the Indonesian cultural heritages. For example, in the inauguration day of PYC in 2016, Prof. Purnomo's children and grandchildren presented a splendid performance called "Ketoprak". The performance was directed by a dance studio of Puspo Budoyo.

Ketoprak is a Javanese theatrical featuring performers who sing and dance accompanied by Javanese traditional percussion called "Gamelan".

# KOLINTANG & BATIK

---

PYC supported the collaboration among PINKAN INDONESIA (the National Community of Kolintang Indonesia), Jaya Suprana School of Performing Arts and Iwan Tirta Batik Collectors to conduct the first kolintang concert and batik fashion show at Sydney Opera House, Australia, in 2016. The concert brought a mission to support kolintang to be inscribed as an intangible cultural heritage by UNESCO. In 2018, PYC also supported the kolintang-koto performance in Japan to commemorate Indonesia-Japan diplomatic relation.

Kolintang is a traditional musical instrument from Minahasa, North Sulawesi, made from strong and lightweight wood fibers which are arranged parallelly. Kolintang could produce long, high, as well as low notes similar to a wooden egg, bandaran, arbitrary, and kakinik.

Batik is the art of decorating fabric using traditional wax and dye techniques. In Java, Indonesia, batik is a part of an ancient tradition, and UNESCO designated Indonesian batik as a Masterpiece of Oral and Intangible Heritage of Humanity in 2009

## JUNIOR CHESS CHAMPIONSHIP (THE PURNOMO YUSGIANTORO TROPHY)

---

PYC organizes a junior chess championship to commemorate Indonesia's Independence Day. Since 2016, the competition becomes one of PYC's annual social initiatives. The Indonesian Chess Federation (PERCASI) supported PYC chess championship from the beginning. The Junior Chess Championship (The Purnomo Yusgiantoro Trophy) will be held again in August 2020 for the 5<sup>th</sup> time.

## THE ELDERCARE

---

PYC celebrated its first anniversary on June 16, 2017 by visiting an eldercare in Bekasi.

## DIPHTERIA VACCINATION

PYC held a one-day diphteria vaccination program in April 2018, together with the “Paguyuban Istri Pensiunan dan Wakawuri” (PIPW) of Ministry of Energy and Mineral Resource (MEMR). The vaccination was done in cooperation with Rumah Sakit Pusat Pertamina (RSPP).

## MAMMOGRAPHY CHECKUP

In April 2019, PYC held a mammography checkup in collaboration with “Paguyuban Istri Pensiunan dan Wakawuri (PIPW) of Ministry of Energy and Mineral Resource (MEMR)” and Indonesian Breast Cancer Foundation (YKPI).

This event aimed to educate women on breast cancer and to encourage them to do an initial examination through mammography checkup.
